Lineup Cards

The lineup cards are in triplicate form. The (top) white copy must be turned into the Scorekeeper Clerk at least five (5) minutes prior to the scheduled game time. The (middle) yellow copy is your copy to keep. The (third) pink copy is given to the plate umpire to approve and deliver to the opposing team captain. The full names and numbers of all starters must appear on the lineup. It is recommended that substitutes be listed on the lineup card for expediency. If not listed, they must report directly to the plate umpire prior to entering the game. Lineup sheets should be completed prior to entering score booth.

Failure to provide line-up card within time limit: The team in violation starts the game with 1 out and loses home field advantage.
